

Esperanza High School
Women's Basketball Program
1830 North Kellogg Drive Anaheim, CA 92807

June 11, 2013

Dear Parents,

Your daughter is interested in the EHS Women's Basketball Program. This program has great history and has produced many great basketball players. We have 2-3 levels: Varsity, Junior Varsity and if there are enough players, a Frosh/Soph level.. Each level has a certified coach who is concerned about advancing your daughter's skills and knowledge as well as her ability to work with others to accomplish a common goal.

High School Athletics are not totally supported financially by the School District. The majority of the program is supported by parent donations and fundraisers. What will be your responsibility be if your daughter makes one of the teams? Each family will be asked to contribute their fair share to support the program goals as well as take part in our fundraisers. Our fundraisers are throughout the season and they keep the parent contributions down to a reasonable amount.

You have many new experiences to explore with your daughter at Esperanza High School. Esperanza Women's Basketball Program will give your daughter an opportunity to represent her high school in an athletic program with great history. We ask for your help and commitment in supporting of the goals of the basketball program.

Additional information about the 2013/14 basketball program will soon be posted on the Esperanza High School web site at: www.esperanzahs.com. Go to Athletics, Links, and then find Women's Basketball for all current information on the program. It will be our pleasure to work with all of you to make this the best women's basketball season possible.

Don't hesitate to contact any of the coaches or board members for more information on the program.

Jimmy Valverda; Varsity Head Coach
Melissa Ryan, Varsity Asst. Coach
Allegra Weinstein, J.V. Coach
